

CONTENTS

V. Candotto, F. Pezzetti, A. Scarano, A. Agazzi, F. Spadari and A. Palmieri. Liquid biopsy	1
V. Candotto, F. Pezzetti, C.A. Bignozzi, A. Agazzi, F. Spadari and A. Palmieri. Anti-tumor properties of silver	7
L. Scapoli, C. Arcuri, O D'orto, A. Bolzoni, F. Lagana And F. Carinci. Screening of periodontopathic bacteria in Italian patients affected by periodontitis	15
V. Candotto, A. Baj, G. Beltramini, A. Scarano and A. Palmieri. Drug-induced gingival overgrowth: an in vitro study on cyclosporine and human gingival fibroblasts	21
M. Baldoni and D. Lauritano. Inflammatory bowel syndrome and oral health: a two-way relationship	29
M. Baldoni and D. Lauritano. Aging and oral health: monitoring the dental and mucosal status	31
M. Baldoni and D. Lauritano. One-piece implants: an alternative rehabilitation of edentulous jaws	33
M. Baldoni and D. Lauritano. Bleeding control with calcium sulphate after oral surgery in anticoagulant therapy patients	41
A. Leonida, G. Caccianiga, D. Lauritano, S. Longoni, S. Ceraulo and M. Baldoni. Intra and extra oral clinical manifestations of Rendu-Osler-Weber syndrome: case report and literature review	49
G. Caccianiga, A. Lo Giudice, S. Longoni, S. Ceraulo, M. Baldoni And A. Leonida. Low-level laser therapy protocols in dental movement acceleration and in pain management during orthodontic treatment	59
A. Leonida, G. Caccianiga, G. Porcaro, S. Longoni, S. Ceraulo and M. Baldoni. Role of mesenchymal stem cells in osteotomy sinus graft healing: a case report and a literature review	69
A. Leonida, G. Caccianiga, G. Rey, S. Longoni, S. Ceraulo and M. Baldoni. The use of a new collagen matrix to support the regeneration of peri-implant soft tissue laser-assisted: case report	77
A. Leonida, G. Caccianiga, G. Porcaro, S. Longoni, S. Ceraulo and M. Baldoni. Evaluation of the degree of differentiation of human mesenchymal stem cells on different titanium superfaces: a pilot study	89
M. Baldoni and D. Lauritano. A new chemical device for the treatment of chronic periodontitis: a case control study	99
A. Palti, J. Palti, V. Candotto, A. Piva, P. Avantaggiato And Z. Ormianer. Implant position for supporting maxillary over-denture: a clinical study	107
J. Block, V. Candotto, P. Avantaggiato, A. Piva And Z. Ormianer. Bone strain measurements and implant micro-surface analysis of drill-less self-threading dental implants- preliminary in-vitro results	115
M. Di Girolamo, A. Barlattani Jr, F. Grazzini, A. Palattella, P. Pirelli, V. Pantaleone and L. Baggi. Healing of the post extractive socket: technique for conservation of alveolar crest by a coronal seal	125
