

# *Journal of Biological Regulators & Homeostatic Agents*

Volume 22, No. 1, January – March, 2008

## CONTENTS

### *Mini-Review*

**M-L. Rogers, A. Beare, H. Zola and R.A. Rush.** CD 271 (P75 Neurotrophin receptor)..... 1

### *Editorials*

**G. Chiorino, M. Mello Grand, M. Scatolini and P. Ostano.** From single gene to integrative molecular concept maps: pitfalls and potentials of microarray technology..... 7

**P. Dasari, I.C. Nicholson and H. Zola.** Toll-like receptors..... 17

### *Original Articles*

**R. Ronchetti, M. Jesenak, S. Barberi, F. Ronchetti, Z. Rennerova, D. Trubacova and M.P. Villa.** Reproducibility of atopy patch tests with food and inhalant allergens..... 27

**A. Gigante, M. Torcianti, E. Boldrini, S. Manzotti, G. Falcone, F. Greco and M. Mattioli-Belmonte.** Vitamin K and D association stimulates *in vitro* osteoblast differentiation of fracture site derived human mesenchymal stem cells..... 35

**Q. Li, K. Morimoto, M. Kobayashi, H. Inagaki, M. Katsumata, Y. Hirata, K. Hirata, T. Shimizu, Y.J. Li, Y. Wakayama, T. Kawada, T. Ohira, N. Takayama, T. Kagawa and Y. Miyazaki.** A forest bathing trip increases human natural killer activity and expression of anti-cancer proteins in female subjects..... 45

**A. Riccio, L. Postiglione, P. La Dogana, A. Spanò, C. Marzocchella and G. Tarantino.** Anti-cyclic citrullinated peptide antibodies in patients affected by HCV-related arthritis..... 57

**M. Paolantonio, M. Dolci, G. Perfetti, G. Sammartino, D. D'Archivio, G. Spoto, C. Ciampoli, D. De Amicis and S. Tetè.** Effect of a subgingival chlorhexidine chip on the clinical parameters and the levels of alkaline phosphatase activity in gingival crevicular fluid during the non-surgical treatment of periodontitis..... 63

### *Special Articles*

**M. Gelardi, A. Maselli del Giudice, M.L. Fiorella, P. Soleti, M. Di Gioacchino, C.M. Conti, M. Fulcheri, R. Doyle and G. Ciprandi.** Quality of life in non-allergic rhinitis depends on the predominant inflammatory cell type..... 73

**R. Pollice, A. Tomassini, M. Malavolta, E. Di Giovambattista, L. Verni, R. Roncone, C.M. Conti and M. Casacchia.** Subjective and psychopathological response in patients under different antipsychotic treatments: are there differences in real clinical practice?..... 83
