

# *Journal of Biological Regulators & Homeostatic Agents*

Volume 24, No. 3, July - September, 2010

## CONTENTS

### *Editorials*

- M.L. Castellani, R.J. Galzio, P. Felaco, D. Tripodi, E. Toniato, M.A. De Lutiis, F. Conti, M. Fulcheri, C. Conti, T.C. Theoharides, A. Caraffa, P. Antinolfi, M. Felaco, S. Teté, F. Pandolfi and Y.B. Shaik-Dasthagirisaheb.** VEGF, substance P and stress, new aspects: a revisited study..... 229
- R. Cianci, D. Pagliari, V. Pietroni, R. Landolfi and F. Pandolfi.** Tissue infiltrating lymphocytes: the role of cytokines in their growth and differentiation..... 239
- E. Rosato, S. Pisarri and F. Salsano.** Current strategies for the treatment of autoimmune diseases..... 251

### *Original articles*

- T.E. Calderón, M. Ferrero, G.M. Marino, A. Córdoba, D. Beltramo, J.C. Muiño, G.A. Rabinovich and M.D. Romero.** Meat-specific IgG and IgA antibodies coexist with IgE antibodies in sera from allergic patients: clinical association and modulation by exclusion diet..... 261
- M.C. Cerviño, M.A. López-Lago, J.E. Viñuela and P. Barja.** Specific inhibition of protein kinase C $\beta$  expression by antisense RNA affects the activation of Jurkat T lymphoma cells..... 273
- M. Stachowicz, U. Mazurek, E. Nowakowska-Zajdel, E. Niedworok E. Fatyga and M. Muc-Wierzgoń.** Leptin and its receptors in obese patients with colorectal cancer..... 287
- A. Tarozzi, A. Merlicco, F. Morroni, C. Bolondi, P. Di Iorio, R. Ciccarelli, S. Romano, P. Giuliani and P. Hrelia.** Guanosine protects human neuroblastoma cells from oxidative stress and toxicity induced by amyloid- $\beta$  peptide oligomers..... 297
- G. Esposito, F. Rossi, A. Puca, A. Albanese, G. Sabatino, P. Matteini, G. Lofrese, G. Maira and R. Pini.** An experimental study on minimally occlusive laser-assisted vascular anastomosis in bypass surgery: the importance of temperature monitoring during laser welding procedures..... 307
- F. Marotta, Y. Naito, M.P. Bishier, S. Jain, H. Yadav, E. Minelli, A. Kumari, U. Solimene and J. Sollano.** Subclinical candiduria in patients with gastrointestinal malignancies: a preliminary study on the protective effect of a natural phytochemical..... 317
- M.R. Faraone-Mennella, M. Marini, A. Ferone, O. Cacace, A. Liguoro, V. Margonato, B. Farina and A. Veicsteinas.** Physical exercise activates the poly(ADP-ribosyl)ation system in rat testes..... 325
- G. Ciprandi, M. De Amici, M. Tosca and G. Marseglia.** Allergen-specific Ig classes in non-allergic individuals... 335
- G. Mazzocchi, A. De Cata, A. Greco, S. Carughi, F. Giuliani and R. Tarquini.** Circadian rhythmicity of lymphocyte subpopulations and relationship with neuro-endocrine system..... 341
- G. Riccioni, V. Bucciarelli, L. Scotti, A. Aceto, N. D’Orazio, E. Di Ilio and T. Bucciarelli.** Relationship between asymmetric dimethylarginine and asymptomatic carotid atherosclerosis..... 351
- M.R. Giuca, E. Giuggioli, M.R. Metelli, M. Pasini, G. Iezzi, S. D’Ercole and D. Tripodi.** Effects of cigarette smoke on salivary superoxide dismutase and glutathione peroxidase activity..... 359
- G. Schiavoni, M. Di Pietro, C. Ronco, M. de Cal, S. Cazzavillan, M. Rassu, M. Nicoletti, M. del Piano and R. Sessa.** *Chlamydia pneumoniae* infection as a risk factor for accelerated atherosclerosis in hemodialysis patients..... 367

### *Letters to the Editor*

- E. Niedworok, M. Muc-Wierzgoń and E. Nowakowska-Zajdel.** Influence of magnesium on fatty acids and their esters in isolated rat hepatocytes..... 377
- M. Petruzzi, F.R. Grassi, G.M. Nardi, D. Martinelli, R. Serpico, P.F. Luglie and E. Baldoni.** Sodium iodide associated to salicylic acid topical management of chronic oral candidiasis: a randomized trial..... 381
