

# *Journal of Biological Regulators & Homeostatic Agents*

Volume 24, No. 1, January - March, 2010

## CONTENTS

### *Editorial*

- M.L. Castellani, M.A. De Lutiis, E. Toniato, F. Conti, P. Felaco, M. Fulcheri, T.C. Theoharides, A. Caraffa, P. Antinolfi, P. Conti, C. Cuccurullo, C. Ciampoli, M. Felaco, C. Orso, V. Salini, G. Cerulli, D. Kempuraj, S. Tetè and B. Shaik.** Impact of RANTES, MCP-1 and IL-8 in mast cells..... 1

### *Original Articles*

- Q.L. Zhang, Q. Niu, P.Y. Niu, Y.T. Shi, C.Y. Liu, M. Di Gioacchino, L. Zhang, C. Zhang and M. Braga.** Bax gene silencing: a potential intervention in aluminum-induced neural cell death..... 7

- C. Su, P. Picard, M.P. Rathbone and S. Jiang.** Guanosine-induced decrease in side population of lung cancer cells: lack of correlation with ABCG2 expression..... 19

- A. Corsaro, C. Anselmi, M. Polano, A. Aceto, T. Florio and M. De Nobili.** The interaction of humic substances with the human prion protein fragment 90-231 affects its protease K resistance and cell internalization..... 27

- F. Marotta, M. Harada, E.D. Dallah, H. Yadav, U. Solimene, S. Di Lembo, E. Minelli, S. Jain and D.H.Chui.** Protective effect of a poly-phyto compound on early stage nephropathy secondary to experimentally-induced diabetes..... 41

- A. Gigante, M. Cappella, S. Manzotti, S. Cecconi, F. Greco, R. Di Primio and M. Mattioli-Belmonte.** Osteoinduction properties of different growth factors on cells from non-union patients: *in vitro* study for clinical application..... 51

- C. Tatone, M.C. Carbone, G. Campanella, C. Festuccia, P.G. Artini, V. Talesa, R. Focarelli and F. Amicarelli.** Female reproductive dysfunction during ageing: role of methylglyoxal in the formation of advanced glycation end-products in ovaries of reproductively-aged mice..... 63

- T. Genovese, A. Melani, E. Esposito, I. Paterniti, E. Mazzon, R. Di Paola, P. Bramanti, J. Linden, F. Pedata and S. Cuzzocrea.** Selective adenosine A<sub>2A</sub> receptor agonists reduce the apoptosis in an experimental model of spinal cord trauma..... 73

- P. Magni, M. Ruscica, E. Dozio, L. Passafaro, L. Stefani, P. Morelli, G. Banfi and M.M. Corsi.** Plasma adiponectin and leptin concentrations in professional rugby players..... 87

### *Special article*

- G. Gasbarrini, V. Zaccone, M. Covino and A. Gallo.** Effectiveness of a “cold dessert”, with or without the addition of a mixture of digestive herbs, in subjects with “functional dyspepsia”..... 93

### *Letters to the Editor*

- N. Yanagitani, Y. Shimizu, T. Kazama, K. Dobashi, T. Ishizuka and M. Mori.** Eosinophilic bronchiolitis indicating eosinophilic airway disease with overexpression of carcinoembryonic antigen in sinus and bronchiole: case report..... 99

- G. Ciprandi, S. Caimmi, G. Marseglia, M.A. Tosca and I. Cirillo.** Visual analogue scale assessment of respiration might be a surrogate for spirometry in allergic rhinitis..... 103
