

# JOURNAL OF BIOLOGICAL REGULATORS & HOMEOSTATIC AGENTS

Volume 28, No. 2, April - June, 2014

## CONTENTS

### Editorials

**M. Iantorno, U. Campia, N. Di Daniele, S. Nisticò, G.B. Forleo, C. Cardillo and M. Tesaro.** Obesity, inflammation and endothelial dysfunction..... 169

**S.K. Kritas, A. Saggini, G. Cerulli, A. Caraffa, P. Antinolfi, A. Pantalone, S. Frydas, M. Rosati, M. Tei, A. Speziali, R. Saggini, F. Pandolfi and P. Conti.** Neuropeptide NGF mediates neuro-immune response and inflammation through mast cell activation..... 177

### Original articles

**T. Müller, L. Schlausa, H.J. Zhang, S. Vahlsing, Y. Skaik, B. Eiz-Vesper, S. Immenschuh, R. Blasczyk and C. Figueiredo.** Allogeneic and xenogeneic anti-tumor effect of *Callithrix jacchus* natural killer cells is dependent on NKp30 and B7-H6 interaction..... 183

**Y. Gidron, M. De Couck and J. De Greve.** If you have an active vagus nerve, cancer stage may no longer be important 195

**J. Zhang, X.F. Liu, Y. Liu, L.Z. Xu, L.L. Zhou, L.L. Tang, J. Zhuang, T.T. Li, W.Q. Guo, R. Hu, D.S. Qiu and D.W. Han.** Environmental risk factors for women with polycystic ovary syndrome in China: a population-based case-control study. 203

**I. Hajj Hussein, A. Eid, R. Maksoud, S. Jambart, T. Bou Assi, Z. Zgheib, D. Oueidat, N. Chams, S. Chams, R. Diab, K. Barada, R. Jurjus, F. Cappello, J. Reimund, J. Kreiker, A. Leone and A. Jurjus.** Estrogens control inflammation in experimental colitis..... 213

**C.Y. Sun, C.C. Lee, M.F. Hsieh, C.H. Chen and K.M. Chou.** Clinical association of circulating VEGF- $\beta$  levels with hyperlipidemia and target organ damage in type 2 diabetic patients..... 225

**F. Napoli, N. Di Iorgi, F. Bagnasco, G. Cangemi, B. D'Amico, M. Boschetti, A.E.M. Allegri, I.A. Bruzzone Ichim, C. Traggiai, A. Allodi, P. Polo Perucchin, M. Ghezzi, S. Noli, M. Giaccardi, B. Roviglione, L. De Miglio, A. Calcagno, R. Lorini and M. Maghnie.** Growth factors and metabolic markers in cord blood: relationship to birth weight and length 237

**M. Bellavia<sup>†</sup>, F. Rappa, M. Lo Bello, G. Brechia, G. Tomasello, A. Leone, G. Spatola, M.L. Uzzo, G. Bonaventura, S. David, P. Damiani, I. Hajj-Hussein, M.N. Zeenny, A. Jurjus, P. Schembri-Wismayer, M. Cocchi, G. Zummo, F. Farina, A. Gerbino, F. Cappello and G. Traina.** *Lactobacillus casei* and *Bifidobacterium lactis* supplementation reduces tissue damage of intestinal mucosa and liver after 2,4,6-trinitrobenzenesulfonic acid treatment in mice..... 251

**N. Pescosolido, A. Pascarella, M. Nebbioso and G. Scarsella.** Degenerative events in retina and optic nerve induced by inhibition of carnitine transport..... 263

**U. Bottoni, R. Clerico, G. Paolino, P. Corsetti, M. Ambrifi, A. Brachini, A. Richetta, S. Nisticò, G. Pranteda and S. Calvieri.** Melanoma and IFN alpha: potential adjuvant therapy..... 271

**L. De Marzi, L. Ottaviano, F. Perrozzi, M. Nardone, S. Santucci, J. De Lapuente, M. Borrás, E. Treossi, V. Palermo and A. Poma.** Flake size-dependent cyto and genotoxic evaluation of graphene oxide on *in vitro* A549, CaCo2 and Vero cell lines..... 281

**D. Grasso, P. Lanteri, C. Di Bernardo, C. Mauri, S. Porcelli, A. Colombini, V. Zani, F.G. Bonomi, G. Melegati, G. Banfi and G. Lombardi.** Salivary steroid hormone response to whole-body cryotherapy in elite rugby players..... 291

**M. Corigiano, G. Ciobanu, E. Baldoni and G. Pompa.** Biochemical assessment of growth factors and circulation of blood components contained in the different fractions obtained by centrifugation of venous blood..... 301

**G. Derosa, A. Bonaventura, L. Bianchi, D. Romano, A. D'Angelo, E. Fogari and P. Maffioli.** A randomized, placebo-controlled study on the effects of a nutraceutical combination of red yeast rice, *Silybum marianum* and octasonol on lipid profile, endothelial and inflammatory parameters..... 317

### Letters to the Editor

**Y. Shimizu, M. Kamiyoshihara, J. Okajo, Y. Ishii and A. Takise.** Tracheobronchial stenosis evaluated by inspiratory and expiratory three-dimensional computed tomography and impulse oscillation with three-dimensional color imaging in a patient with relapsing polychondritis..... 325

**P.L. Falcão, E.M. Cuperschmid, B.M. Trindade and T.P.R. Campos.** Transforming growth factor- $\beta$  and matrix metalloproteinase secretion in cell culture from *ex-vivo* PBMC after exposure to UV radiation..... 333

**M. Patsikas, S. Jakovljevic, P. Papadopoulou, Z. Polizopoulou, G. Kazakos, D. Tontis, C. Soutani, A. Charitanti, I. Chrissogonidis and I. Tsifountoudis.** Magnetic resonance imaging features of *cerebellar vermis* medulloblastoma in an adult canine patient..... 341

**D. De Viti, A. Stragapede, G. Riccioni, V. Bucciarelli, T. Bucciarelli and C.D. Memmola.** Cardiac myxoma originating from areas of ventricular akinesia..... 349

**B. Valentino, A. Valentino, L. Lipari, A. Lipari and E. Farina.** Atrial natriuretic peptide and vasopressin-presence in the ciliary body of eye in the pig (*Sus domesticus*)..... 351
