

Journal of Biological Regulators & Homeostatic Agents

Volume 25, No. 1, January - March, 2011

CONTENTS

Editorials

- G. Ciprandi and G.L. Marseglia.** Safety of sublingual immunotherapy..... 1
- D. Tripodi, G. Maccauro, A. Anogeianaki, M.L. Castellani, F. Pandolfi, P. Felaco, E. Toniato, M.A. De Lutiis, M. Fulcheri, S. Tetè, R. Galzio, V. Salini, A. Caraffa, P. Antinolfi, I. Frydas, G. Sabatino and Y.B. Shaik-Dasthagirisahab.** Impact of IL-18 on inflammation..... 7

Original articles

- M.V. Ruiz-Pérez, F. Sánchez-Jiménez, A.R. Quesada and M.A. Medina.** A re-evaluation of the mitogenic effect of serotonin on vascular endothelial cells..... 13
- N. Negrev, R. Tashev, R. Radev, A. Anogeianaki and M. Ivanova.** Hormones of hypothalamic-pituitary-thyroid axis are significant regulators of synthesis and secretion of vitamin K-dependent plasma coagulation factors..... 21
- L. Menghini, L. Leporini, N. Scanu, G. Pintore, R. La Rovere, E.S. Di Filippo, T. Pietrangelo and S. Fulle.** Effect of phytochemical concentrations on biological activities of cranberry extracts..... 27
- F. Marotta, D.H. Chui, S. Jain, A. Polimeni, K. Koike, L. Zhou, A. Lorenzetti, H. Shimizu and H. Yang.** Effect of a fermented nutraceutical on thioredoxin level and TNF- α signalling in cirrhotic patients..... 37
- G. Tarantino, A. Colao, D. Capone, P. Conca, M. Tarantino, E. Grimaldi, D. Chianese, C. Finelli, F. Contaldo, F. Scopacasa and S. Savastano.** Circulating levels of cytochrome c, gamma-glutamyl transferase, triglycerides and unconjugated bilirubin in overweight/obese patients with non-alcoholic fatty liver disease..... 47
- I. D'Alimonte, E. Nargi, F. Mastrangelo G. Falco, P. Lanuti, M. Marchisio, S. Miscia, I. Robuffo, M. Capogreco, S. Buccella, S. Caputi, F. Caciagli, S. Tetè and R. Ciccarelli.** Vascular endothelial growth factor enhances *in vitro* proliferation and osteogenic differentiation of human dental pulp stem cells..... 57
- V. Verratti, L. Brunetti, R. Tenaglia, A. Chiavaroli, C. Ferrante, S. Leone, G. Orlando, F. Berardinelli, C. Di Giulio and M. Vacca.** Physiological analysis of 8-Iso-PGF2 alpha: a homeostatic agent in superficial bladder cancer.. 71
- M.G. Battelli, M. Ravaioli, S. Musiani, V. Scicchitano, G.L. Grazi, and A. Bolognesi.** Increased serum level of xanthine oxidoreductase in liver transplanted patients..... 77
- E. Galliera, L. De Girolamo, P. Randelli, P. Volpi, G. Dogliotti, A. Quaglia, G. Banfi, P. Cabitza, M.M. Corsi and M. Denti.** High articular levels of the angiogenetic factors VEGF and VEGF-receptor 2 as tissue healing biomarkers after single bundle anterior cruciate ligament reconstruction..... 85
- J. Pizzicannella, R. Rabozzi, O. Trubiani and G. Di Giammarco.** Histidine-tryptophan-ketoglutarate solution helps to preserve endothelial integrity of saphenous vein: an immunohistochemical and ultrastructural analysis.. 93
- M. Garzaro, L. Raimondo, G. Pecorari, M. Sensini, G. Riva, A. Palmo and C. Giordano.** Digestibility, palatability and emotional status after ingestion of an iced dessert: analysis of subjective responses in 100 healthy volunteers..... 101
- M. di Giannantonio, G. Di Iorio, R. Guglielmo, D. De Berardis, C.M. Conti, T. Acciavatti, M. Cornelio and G. Martinotti.** Major depressive disorder, anhedonia, and agomelatine: an open-label study..... 109
- M. Orciani, C. Morabito, M. Emanuelli, S. Guarnieri, D. Sartini, S.R. Giannubilo, R. Di Primio, A.L. Tranquilli and M.A. Marigliò.** Neurogenic potential of mesenchymal-like stem cells from human amniotic fluid: the influence of extracellular growth factors..... 115

Letters to the Editor

- C. Zoccali, G. Chichierchia, U. Prencipe, C. Nuzzo, V. Anelli and V. Ferraresi.** A greenstick osteoporotic tibial fracture while on chemotherapy in a 12-year-old girl with osteosarcoma of the knee: does a preventive role exist for agents that reduce iatrogenic bone loss and skeletal-related events?..... 131
- G. Mazzoccoli.** The timing clockwork of life..... 137
